General Requirements: On or before September 1 of each odd-numbered year, licensees who are in active practice in Nebraska must complete 30 hours of approved programs/activities during the preceding 24 month period.

- A. The licensee is responsible for:
1. Maintaining a record of attendance at approved continuing competency programs/activities;
 2. Maintaining documentation of attendance at or presentation of approved continuing competency programs/activities. A presenter may receive credit for only the initial presentation during a renewal period. Credit will not be given for subsequent presentations of the same program/activity.
- B. The licensee must attend programs/activities for which the subject matter clearly relates to maintaining skills necessary for the safe and competent practice of medical nutrition therapy and is described, but not limited to, the following:
1. College/University Courses from an approved graduate or undergraduate program.
 - a. 1 semester of academic credit equals 15 continuing competency credit hours. One semester credit audited equals 8 hours of continuing competency;
 - b. 1 quarter hour of academic credit equals 10 continuing competency credit hours. One quarter credit audited equals 5 hours of continuing competency; and
 - c. 1 trimester hour of academic credit equals 14 continuing competency credit hours. One trimester credit audited equals 7 hours of continuing competency.
 2. Programs or Presentations that have been approved for continuing competency credit by the Commission on Dietetic Registration.
 3. Continuing Education Programs (Workshops, seminars, or conferences). 60 minutes of participation equals 1 continuing competency hour. The following additional topic areas are also acceptable providing they clearly relate to maintaining skills necessary for the safe and competent practice of medical nutrition therapy:
 - a. Food Preparation that focuses on nutritional value.
 - b. Nutrition with specialized populations.
 - c. Assessment and Treatment of various disorders.
 - d. Food Service Systems management.
 4. Exhibits, or Poster Sessions.
 - a. Exhibits equals 1 continuing competency hour; a limit of 6 continuing competency credit hours per biennium may be obtained through exhibits.
 - b. 6 poster sessions equals 1 continuing competency hour; a limit of 10 continuing competency credit hours per biennium may be obtained through poster sessions.
 5. Homestudy Programs relevant to one or more areas as specified in D, items 3(a-d). A licensee may accumulate up to 15 hours of continuing competency per renewal period.
 6. Publications relevant to one or more areas as specified in 172 NAC 61-009.01, items 3(a-d). A licensee may accumulate up to 20 hours of continuing competency per biennial renewal period.
 7. Certification Programs that are medical nutrition therapy related. 30 hours will be granted for completing a certificate program as follows:
 - a. Certified Nutrition Support Dietician sponsored by the National Board of Nutrition Support Certification, Inc (NBNSC);
 - b. Board Certification as a Specialist in Pediatric Nutrition sponsored by the Commission on Dietetic Registration (CDR);
 - c. Board Certification as a Specialist in Renal Nutrition sponsored by the Commission on Dietetic Registration (CDR);
 - d. Certified Diabetes Educator sponsored by the National Certification Board for Diabetes Educators (NCBDE);
 - e. Certified Lifestyle and Weight Management Consultant sponsored by the American Council on Exercise (ACE); or
 - f. Certificate of Training in Childhood and Adolescent Weight Management sponsored by the Commission on Dietetic Registration (CDR).
- D. Examples of non-acceptable subject matter include, but are not limited to, the following:
1. Menu planning;
 2. Dietetic association business meeting or delegate report;
 3. Cooking or baking demonstrations;
 4. Food service sanitation;
 5. Catering;
 6. Garnishing techniques;
 7. Publishing an employee training manual; or
 8. Sales presentation on a company's new product.
